How to Restart Life • Message 2

Icebreaker

How do you handle it when a piece of technology in your life doesn't work the way it should? Can you tell us a story of a time when you were successful in solving the problem, or a time when you weren't?

The whole point of Sunday's message was to motivate us to take the biblical steps of "Repentance" and "Trust." The motivation is based on three basic principles.

In ourselves, we are powerless to either know or do the right things.

When and how have you experienced that?

Read **Romans 7:18-20**. Can you relate to what Paul said?

God has all the power.

When you think of God's power, what examples come to mind? When if ever have you experienced God's power first hand?

What does it mean to you now to know that God has all the power?

God gives his power to those who respond to him with faith—a trusting surrender.

Read **Ephesians 1:17-20**. What is Paul praying for in this passage?

The Bible's concept of faith is a combination of trust and surrender, how does that differ from the way people use the word today?

Take it Home

There are two points of application from this lesson:

1. Repentance and Baptism (Daily?)
2. Trust (Daily!)

How does it apply to your life these days?
